

Starprim Grade IV

Certified burglary protection for high-value asset storage

- A premium graded safe designed for professional use.
- Available in Grade IV Burglary Protection according to EN 1143-1, certified by VdS and ECB-S.
- Models from 82 litres to 822 litres.
- Prepared for base anchoring.
- Colour: RAL 7035 – light grey.
- Three-way locking mechanism with solid round bolts.
- An overhanging bar on the hinge side provides additional security for the safe.
- The door opening is fitted with insulating seal to limit the passage of smoke, gases, dust, and fire.
- The anchoring preparation is designed as standard to allow the installation of a tear sensor.
- Shelves are adjustable in height every 50 mm.
- Solid hinges allow the door to open up to 205°.

Starprim Grade IV

Product specifications

Grade IV

Model	External Height (mm)	External Width (mm)	External Depth (mm)*	Internal Height (mm)	Internal Width (mm)	Internal Depth (mm)	Weight (kg)	Volume (L)
4080N	600	610	464	509	530	305	315	82
